THE AMANAH

NEIL FRANCIS KEENAN

This is a brief introduction about the man, Neil Francis Keenan, the Amanah of Indonesia (the Trustee of heritage assets stored in over 103 bunkers), his initiation and constant battles against the global financial Cabal.

A detailed account of who he is and the war he is waging can be found on his website "neilkeenan.com" in a comprehensive summary titled "*Footsteps of the Amanah*" and archived posts, as well as, posts on Facebook "[It's a Keenan Thing.](#)"

These posts define the history of an indefatigable fighter, who despite all odds is still standing.

One of Neil's unheralded accomplishments was his organizing a meeting on a private yacht during which he outlined future financial and economic changes to a gathering of Finance Ministers. This meeting resulted in the now famous "Monaco Accords" and the formation of the BRICS Alliance, the Asian International Investment Bank (AIIB), and the CIPS international financial transfer system that circumvents the corrupt SWIFT system.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

BRICS is expanding and now accounts for 37% of all world trade as compared to the old Western financial alliance.

CIPS is now fully operational and allows for multi-currency payments thus eliminating the need to transact in US Dollars.

This financial system is seriously affecting the Khazarian Cabal's attempts to launch their One World Order plan... all because of Neil's boat trip and the awakening that it manifested.

Thus, a result of the fact that despite the wealth had originated in the East, the depositors had no say in how it was being used (or abused), no say in where it should be directed, and shamefully having no recourse to reclaim sovereignty and redemption of their gold and cash.

And for his troubles? Neil has been repeatedly poisoned, been shot in the back twice with rubber bullets, had multiple suspicious car accidents, has fought off paid off street thugs on numerous occasions (even last week!) and has survived.

Has continuously fought with the Khazarian Mafia Cabal, exposing their puppet Royals, Presidents and Prime Ministers and their Operatives.

Queen Beatrix stepped down after Neil's exposure. Queen Elizabeth, Bill Gates and others were shown to be the owners of Pirbrite, the developer and patent owner of the COVID "vaccine".

In August 2019 Neil exposed the pitfalls of "vaccines" and in March 2020 spotlighted that 5G at 80 Gigahertz was the cause of people falling dead in the streets of Wuhan, not because of a bat flu virus.

Japanese, Korean, Philippine and Malaysian Prime Ministers and Presidents all sustained major lashes from Neil.

In particular, their unsavory appetite to transfer and illegally sell assets to the Deep State and Cabal.

Ask Neil about the Malaysian PM Najib Razak's 1MDB and "Deadman Walking" scams. Or Bong Bong Marcos' attempt to buy Malaysia with billions of funds held offshore in his Labuan accounts.

The list of activities undertaken to prevent Barack Obama from nuking his own country and creating a tsunami that would wipe out the East Coast, including the Wall Street area of NYC, is very serious.

Follow that up with Obama's attempts to purchase gold for himself, illegally in the Bay of Bangkok, or the attempt to force gold to be transferred to a US Aircraft Carrier located off the coast of Japan. Neil 3 – Obama 0.

This all started with Neil's Trillion Dollar lawsuit that was filed in the US Federal Court in the Southern District of New York. Stemming principally from the theft of financial instruments entrusted to him through his close association with the Golden Dragon Family in Asia – it unleashed a tapestry of how all the West (east) is woven together like the Wizard behind the curtain in Wizard of Oz.

But he has survived. He is now in the championship round, but needs a little help in his corner, as the Cabal is trying their best to block him from entering the ring.

This is the situation.

While he has been committed to saving humanity, he needs humanity that is worth saving to step up and be counted.

Financial Reality

Awakened humans are clearly aware that the fiat debt/slavery financial system is on its last legs and will finally collapse very soon - going the same historical way as all previous similar frauds. Rightfully so, the principal question to ask is this:

“WHO will construct the next replacement financial system?”

Neil has worked extensively with leading consultants globally in wealth management, tier 1 or M3 international banking and world authorities in cryptocurrency.

There is a vast amount of information and only a few people hold critical pieces on how it all fits together. People that travel extensively, like Petra are perfect examples of gathering not just simple information but interfacing with their peers around the world to understand how it works in the here and now as it will not be the existing system organizers/owners.

As listed in his Trillion Dollar Lawsuit, it will NOT BE the dreaded WEF fascist Khazarian “New World Order” nor will it be the United Nations, neither the World Health Organization.

After a gun fight with George Soros in the jungles of Indonesia where Soros was funding guerilla and terrorist boot training camps, it is safe to say that he will not have any input into how things are going to look either.

The aforementioned groups are all about wiping out 90% of humanity with Plan 2030 which has been accelerated to Plan Now (2024-2025).

It will not be the US Federal Reserve or any of the other 12 privately owned Central banks owned by the Rothschilds, Rockefellers, Astor’s etc. - either. They are the original thieves.

These groups of people want to wipe out history and firmly redo the world economic structures to their benefit through these ridiculous NESARA/GESARA financially NOT ASSET BACKED AND MAKE EVERY BODY RICH SCAM (that failed again to launch on 29 February 2024). All bullshit.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

A NEW FINANCIAL SYSTEM needs to be structurally ASSET BACKED in order to give real value to MONEY, but the problem here is that those currently clinging to POWER just do not have enough real assets (ONLY paper promises) and thus are engaged in as many ways as possible to thwart any new system that THEY cannot control.

The AMANAH

The fact that Neil Keenan fought back and exposed the dark under-belly of the Khazarian Cabal and their fraudulent abuse of the Global Accounts that form the asset backing of the Western financial system, is more than admirable.

Neil showed how these Real Assets were illegally leveraged, hypothecated and mirrored for the financial gain of the Elite, but not for the Owners of the assets.

Fighting a giant monster is never easy.

Papa Bush emptied several hundred million from Neil's offshore accounts. Obama took another \$50 million for a mansion in the Hamptons.

An Italian Mafia member cleared 6-figures off Neil's debit card and is still walking free. And a few months back when Neil was getting ready to return to Indonesia, his entire bank account and account history was zeroed out overnight!

These acts are only achieved by people in real power. Think of the pieces of machinery that need to move in order to make all of that happen.

These are seriously powerful people.

The response from the asset owners as well as those entrusted to care for them, was to decide that it was apparent a new role needed to be revised and relaunched by the keepers of the wealth itself. Amanah.

Now why is the Cabal trying so hard to shackle Neil's finances?

The reason is simple. Once Neil returns to Indonesia as the Amanah, he will be opening huge bunkers full of REAL ASSETS and conducting an AUDIT of such.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

This will reveal a huge stockpile of Real Wealth that can and will back global currencies and fund major humanitarian projects, all of which are outside of Khazarian Cabal control.

This in turn Neil will open up other regional bunkers, further exposing real wealth needed to transition humanity and new financial systems globally at levels far beyond the Cabal's capabilities.

Neil already has asset management pledges from Trustees in Asian countries (Malaysia, Thailand, Philippines, Vietnam, China, Taiwan, Korea and Japan), and by others wanting to safeguard their wealth and bring it into Real use.

Neil recently displayed a few Dragon Family asset confirmation lists in Trillions of US Dollars. Another list has the acknowledgment of Family owned GOLD COINS that each represents 10 MILLION TONS OF GOLD - worth Quadrillions.

This is what is being put on the table for everyone to see as being REAL! So now you can see WHY the Cabal Elite are desperately delaying Neil in any way they can?

Neil puts an END to them. Now where are the SUPPORTERS OF NEIL?

Sultan of Yogyakarta & Family

Looking at the list of the guilty and corrupt governments, it is little wonder that it is not in the best interests of Presidents, Prime Ministers, Industry Leaders, and other wealthy individuals to be on the RIGHT SIDE of the fence when the financial buildings collapse.

Their history, their actions and their directions promulgate only one definition of the definition of RIGHT SIDE.

That which engorges them to excess, steal more power, corrupt humanity and freedom so that they are gods.

Well, a scrappy fighter elected as Amanah that has spent 16 years fighting these elitists begs to differ on who is designing the new systems. This will not simply be a process of relegating the aforementioned to the kids table at a family feast.

Footsteps of The Amanah

Preface

This is about the **FOOTSTEPS** of a man named **Neil Francis Keenan** that he made on his journey to becoming the elected **AMANAHA**, the principal **TRUSTEE** of the underlying assets and collateral of the global financial and economic system.

[Footsteps Of The Amanah may be read online here](#) and it is a brief history [77,329 words] of this exceptional man as he trekked through the world of business and finance, always giving and helping and making the World a better place. This is his story.

It is necessary to understand what the AMANAHA is." In Arabic "amanah" means "trustee" or one who holds someone else's assets that have been deposited and entrusted to them and usually under a written agreement or record.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

This was the case prior to and following WW II, whereby the Dragon Families moved a large portion of their wealth into hidden bunkers throughout Asia but particularly to Indonesia.

This individual is directly responsible and in charge of the deposits in all the bunkers placed there by the Golden Dragon Families.

It's like the CEO of all the gold, monies and precious stones placed there for generations. The only prior Amanah was Indonesian President Soekarno in the 1960's during the JFK presidency...

It is his story of where he purposely placed his footsteps while trampling on falsehoods and those that perpetrate them. When you finish reading this chronology, you will realize that this one man DID ALL THAT and is still going stronger than before.

Neil Keenan is the modern day ***"Man from La Mancha", the Don Quixote of our era.***

His windmills have been and still are those institutions and governments that are Illuminati constructs and puppet administrations.

He has been fighting the fight of a lifetime, from his ***Trillion Dollar Lawsuit*** to exposing the corruption and false narratives invading our societies. He names names and details what took place and often what will happen in truth.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

Some say that he has bulldog DNA as when he attacks, he goes for the jugular... and never lets go! And there are a lot of evil people in his crosshairs that have reason to worry, because as Amanah, Neil has the legal authority to issue global arrest warrants.

And Neil has the global connections at the very top, within the 1% and "Above" that constantly feed him information. World leaders call him... regularly. He does not have to call them. That is the aura of the man. That is why he is the AMANAH.

Everyone who has shared a moment with Neil knows that he is an adventure story unfolding almost every moment. So, this brief introduction should give you a better understanding of the true character of the man and why he was unanimously elected as the "AMANAH."

This is typical of Neil, as he plays a game until he becomes exceptionally proficient at winning. It can be physical sports, mental sports like chess or business ventures in the professional financial arena. He plays to WIN... and win he does.

From an early age Neil had been (without realizing) establishing a network throughout the Western hemisphere. This had become so large that even before going off to University one could say that Neil had a 'database' of contacts that was second to none.

This seemed to be the path of Neil's life. Even when he played his sports, whether in the US, Canada or Europe. He made connections wherever he went.

People he could call if he had something to offer or they had something to offer him. As months became years even before Neil left for Europe, he could make contact with some of the World's biggest players.

Just keep in mind that Neil did not always call said connections looking to make a deal, he would often call them just to make sure they were okay. This is how Neil managed things, he liked to make sure people he liked were OK and if not, what he could do to help them.

Fortunately, the real players liked having this young man asking them if they were okay, realizing that Neil was looking for nothing and just making sure his "friends" were okay.

As Neil grew older so did his database. By thirty years of age, he had travelled throughout the Western Hemisphere making friends everywhere. It would not have been a strange site to see Neil in a restaurant or club having drinks with a President or major politician in any of the Latino or Caribbean countries.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

It was just a matter of time for expansion. Neil was filled with energy and had to release it and release it he did.

In Europe he met with Popes and Kings, Presidents and Ministers, the top bankers and business leaders. What he saw and learned was that Europe under the European Union - was a mess of bureaucratic rules and regulations that stifled business and only enhanced the very wealthy controllers.

The whole system was based on fraudulent deception and corruption, and he did not want to be a part of it.

But he did spend his time studying the systems, methodologies and technologies being employed. He took time to “know thy enemy” and spent months living in Switzerland.

Neil found that the foundation of financial wealth actually came from the East and from the ground through the sweat and toil of mankind - and not from pencil pushing thieves. Thus, in the early 2000's he changed his focus again.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

He was looking East through Russia, China, Japan, Indonesia and Southeast Asia.

This Look East focus resulted in Neil traveling extensively in Asia, particularly to meet people in Japan, South Korea, Hong Kong, Singapore and Indonesia.

His feet got on the Yellow Brick Road and it led him to his late dear friend Count Albert and the true Asian Dragon Families -

Neil with Count Albert head of Dragon Family, along with Chairperson of HSBC

and the underlying truths behind global banking and finance as explained by his friend, the late Dr. Van De Meer.

This journey now follows the timeline of the ***Footsteps of the AMANAH*** from 2008 till today.

[This is the true story of Neil Francis Keenan](#) and the most recent challenges that he and his Team, Group K, have had to face for him to become the global **AMANAH, The Trustee** of the underlying assets and collateral that is the foundation of the World's financial and economic wealth.

These are Neil's Footsteps down the Yellow Brick Road and an account of only some of the encounters and exposures along the way.

There is much more within the archives of his [website](#) with videos, and that too is only a partial part of the real life story.

This reads like a movie/novel and at the end you will reflect back and say "PHEW! He did all THAT!"

Well, HE DID.

DON QUIXOTE

*Hear me now
Oh thou bleak and unbearable world,
Thou art base and debauched as can be;
And a knight with his banners all bravely unfurled
Now hurls down his gauntlet to thee!
I am I, Don Quixote,
The Lord of La Mancha, ?
My destiny calls and I go,
And the wild winds of fortune
Will carry me onward,
Oh whithersoever they blow.
Whithersoever they blow,
Onward to glory I go!*

I AM I. Neil Francis Keenan

The difference is that Neil is not throwing his gauntlet down before windmills, but he is standing strong before the fortresses of the Illuminati Cabal and the steps of their un-Holy banks.

He chose and has been chosen.

And his footsteps are on the path of a “glorious quest” to reach what no man has reached before. This is an amazing journey that he is sharing for mankind.

The powerful words of these verses describe a man that is not a delusional romantic, but a dedicated champion of mankind determined to WIN against all odds. This is Neil Keenan, the Man of Providence.

This describes the essence of the man... Neil Francis Keenan... the AMANAH.

"I AM I" is Neil.

The Impossible Dream

***To dream, the impossible dream
To fight, the unbeatable foe
To bear, with unbearable sorrow
To run, where the brave dare not go
To right, the un-rightable wrong
And to love, pure and chaste from afar
To try, when your arms are too weary
To reach, the unreachable star
This is my quest, to follow that star
No matter how hopeless, no matter how far
And to fight for the right, without question or pause
To be willing to march into Hell, for a heavenly cause
And I know if I'll only be true, to this glorious quest
That my heart will lie peaceful and calm
When I'm laid to my rest
And the world will be better for this
That one man, scorned and covered with scars
Still strove, with his last ounce of courage
To reach
The unreachable stars
I'll always dream, the impossible dream
And yes I will reach
The unreachable Stars***

Time to Join the Fight

We are soon to be coming down to what will be known as our final moments.

Yes, this can be prevented but the Cabal as we know them seem to have placed a maximum on what it will be using against us shortly.

Remember they have been preparing this event in what seems forever for this moment when they will recover their desires for the absolute control of OUR planet.

It's not good enough that they essentially already control it, but they make claims there are too many people on the earth.

As such, they plan to eradicate 90 percent of the population. We must now fight on behalf of the people and acknowledge the Cabal as serious opposition.

The numbers are with us, but they do have genocidal weapons of mass control like the chemtrails, 5G, and much more.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

This might even it up but we still have the odds in our favor (99 to 1).

How and Why? Think about it. The numbers are in our favor and we know where they live, as they know where we live. We do have some nasty weapons too that can end their lives as they can end ours.

Do we think like this? No!!! But it is the reality of the Time we are in.

Neil with Tommy Kleins (CIA) and 4 Star General Jack Myers

But we must be prepared to save our Children and loved ones and friends.

We cannot expose so many good people to such a danger.

What happened to our government? They work with the Cabal and have for a long time. They are one of them.

And they consider us as ***"Enemies of Their***

State" and hired police, militaries and intelligent agencies and a corrupt legal system to protect themselves "at OUR EXPENSE!"

They have a bit of anger toward myself and my team because we thwarted them when they attempted to detonate nuclear bombs in Charleston, South Carolina.

We exposed them and while Obama and Biden sat in the new nuclear bunker, understanding they would wait 3 Days before coming out. They planned on seeing a new world.

How did they expect to get away seeing the bombs were detonated in the Atlantic Ocean by two Generals who were ordered to destroy Charleston and the entire United States East Coast?

And knowing that this was about to happen, the major NY Banks and many others were quietly and quickly moving their assets to Connecticut to establish a new banking world.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

Coincidence? Funny though, when they came out three days later the world was the same as when they left it. The devastation was prevented and the Generals had plenty to say before Obama started to blame them for everything before dishonorably discharging them (for being a true heroes and respecting their Oaths).

Where?

Where was our help then? Oh yeah, we sent detailed notices to South Carolina newspapers before any of this happened advising them that Obama and Biden were attempting to destroy the East Coast but nothing ever came back.

Only a couple of ladies in Charleston thanked me. But not one member from the government, at any level. Saving 23 million people does not get you much these days in terms of gratitude.

Well, how about saving 90 percent of OUR World's population?

This is what we are looking at once again. This time it will be more like the Hunan massacre which took place in China. The 5G microwave frequency broadcasts they use are horrible and will burn us up if we let them do so.

Chemtrails also hurt us as well, jamming up our breathing system and polluting the ground and water.

In China they were not cremating coronavirus fish market bodies. They were cremating people that were killed in a gruesome microwave-like experiment.

Now, with everyone's bodies filled with all sorts of chemicals from Chemtrails and 'vaccine' concoctions, flipping the 5G services up will have a similar effect - wherever and whenever 'They' want.

Are there ways to stop this? The answer is **YES**, but we cannot sit down and do nothing. We have been exposing them for more than 16 years and they are not anything special. We are special! Not them.

They do control pretty much everything though. So we must pay attention.

For 16 years we have fought them directly, and we have outed them, we have kicked their backsides throughout and never did we request a cent of help.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

Not until recently.

It is now necessary that we establish a New Asset Backed Financial Center in order to continue fighting them **ON OUR TERMS**, so we can save our families, loved ones and friends. This is needed as a foundation to fight back and do to them what they plan on doing to us.

It is this where we excelled and wish to continue to stop this from happening to our families and loved ones throughout the world. We need to protect our own.

I have spent Millions on fighting this cause (and not just a few million) and I see what they are looking to do and if we allow them to do so, then I will see you on the other side.

You see, I need to get to Indonesia and to those who are waiting for me. There I will acquire assets and those assets will protect our planet. It is what happens before then that matters.

My funds have been stolen on multiple occasions, but now whatever comes in has been ordained and is protected.

Yes, we can run again and take control over our own destinies.

I know there are so many of us who need this so we all can work together as one group. If there is to be a fight let's be the winners and save everything that has made us great. Let's do it right and let the bad guys know we can be bad as well if backed into a corner.

Recently I have spoken with a quite a few people in South America, Asia and in Texas, and what I realize is that **we are not alone.**

We have many friends who are ready to go out and kick some ass. It is not a one-way street. I leave at this time with you knowing we can beat them.

Let's take it from them and should they move - we can make this our own. No cowards here.

They try to propagandize us however they are just spending a lot of fake fiat money. This cannot be so for much longer and their House of Cards is tumbling down. When they see us coming they will realize - we are very strong and will get stronger as this moves on.

OFFICE OF THE AMANAH - INDONESIA

NEIL F. KEENAN

Please join the fight. Spread the Truth. Expose and prevent what you can.

Speak loudly, make noise and stomp your feet and the Walls of Jericho will come tumbling down! WE are transitioning into OUR NEW WORLD! JOIN US !

Wishing you well and I hope to see you all soon.
